ABOUT US

TeckWrap entstand ursprünglich aus der Vision und Leidenschaft von Charles Heidenreich aus Baltimore in den USA und hat sich seitdem schnell entwickelt. Bis heute hat TeckWrap ein professionelles Händlernetzwerk auf der ganzen Welt aufgebaut.

Unsere Mission ist es, Kunden weltweit eine breite Palette an qualitativ hochwertigen, erschwinglichen und langlebigen Vinylfolien anzubieten. Wir haben Lager in verschiedenen Regionen, einschließlich der USA, Deutschland, Russland und China, um sicherzustellen, dass unsere Produkte in kürzester Zeit die Hände unserer Kunden erreichen.

Jedes Jahr nimmt TeckWrap aktiv an verschiedenen relevanten Messen weltweit teil, einschließlich der SEMA (in den USA) und der FESPA, und versammelt internationale Verpackungsexperten und Verpackungsgruppen. Darüber hinaus ist TeckWrap auf verschiedenen Festivals und Shows präsent, darunter die ISA, Wrapscon und Wrapping World, und präsentiert einzigartige und trendige Filme.

Bei diesen Gelegenheiten setzt TeckWrap die Begegnungen mit alten und neuen Kunden fort, indem wir Wrap-Shows präsentieren und demonstrieren sowie den Kunden den Prozess des Folienwrappens erklären. Einige sind uns treu genug geworden, um zu unseren Partnern zu werden.

Und das ist eine der wertvollsten Erfahrungen für TeckWrap. Unsere Mission ist es, mit Händlern und Kunden in friedlicher und vorteilhafter Zusammenarbeit zu arbeiten. Vor allem wachsen wir auf diese Weise gemeinsam. Diese Erfahrungen bauen starke Beziehungen zu unseren Partnern auf. Und sich gegenseitig freundlich zu helfen, ist das, was wir besonders schätzen.

Im Vergleich zu anderen Marken mag TeckWrap kleiner erscheinen. Doch genau das macht TeckWrap immer flexibel und effizient. Wir handeln, wie wir denken, und nutzen jede Chance, um jede Möglichkeit zu ergreifen, unseren Kunden ein einzigartiges und großartiges Erlebnis zu bieten.

Mit unserer Mission im Hinterkopf sind wir auch bestrebt, mit neuen Trends Schritt zu halten, damit Kunden bei uns immer finden, was sie brauchen. Wir bieten Vinylfolien mit einer durchschnittlichen Lebensdauer von drei Jahren an und verfolgen die Strategie, jedes Quartal brandneue Designs auf den Markt zu bringen, da wir glauben, dass Farbwechselfolien Modeprodukte sind. Der Markt tendiert dazu, sich schnell zu ändern.

Als TeckWrap anfang, hatten wir unsere erste Produktlinie mit der 180er Serie, deren Produktfarben einfach, aber attraktiv sind. Sie ist eine ideale Wahl für partielle Anwendungen. Später haben wir unsere 190er Serie speziell für das vollständige Auto-Wrapping entwickelt, die seit ihrer Einführung der Chrom- und Metallic-Produkte im Jahr 2015 stetig wächst und weltweit das Interesse der Kunden weckt.

In der kommenden Zukunft wird TeckWrap sein Netzwerk weiterentwickeln und sich gleichzeitig auf die Expansion in den Bereichen Druckmedien und Lackschutzfolien konzentrieren. Noch mehr werden wir weitere Lagerhäuser auf der ganzen Welt errichten, damit wir unseren Partnern immer zur Verfügung stehen und unseren Kunden näher kommen können.

WINDOW FILM

WINDOW FILM

Heat rejection, improve comfortability and reducing energy consumption. The temperature of air conditioning might not be able to suit all passengers' needs. With the window film, 35-65% of solar heat is blocked, and you can easily balance the inner climate, as well as decrease the consumption from air conditioning, which can save your fuel, too.

Perfect clarity, provide interruption-free and safe ride. You can still clearly see what you need without getting blinded by the sunlight or any disturbing dazzles, which can ensure perfect safety for your drive.

Fade reduction, keep your car new by blocking harsh sunshine and protecting interiors. Exposing your car in the sun on a long-term basis can cause the vinyl and leather to discolor, which can easily result in cracking and warping.

UV prevention, avoid harms from UVA and UVB rays. Perfectly protect you from 99% cancer causing ultraviolet rays, which can darken, burn and age your skin, even lead to skin cancer.

Weather-proof material, prolong life-span. With layers made of quality promising material, our window film can last for the long term, and in the meantime, guard you along the way as long as you need.
